

CE-AFI CENTRAL EUROPEAN ASSOCIATION OF FIRE INVESTIGATORS

Firat Kocoglu; After graduating in mechanical engineering in 2010, he received his master's degree in forensic fire expertise in 2018. Firat attended all of E-AFI's annual training conferences and has been a member of IAAI since 2021.

Since that day Firat has been providing service to the insurance companies and courts in Turkey as a fire investigator. He has investigated a wide range of vehicle fires, apartment fires, and large multi-million loss industrial fires. He is also a member of the Chamber of Mechanical Engineers in Turkey and has given lectures on fire investigation to claim departments of insurance companies and loss adjusters in the private sector.
